CALL FOR APPLICATION FOR A RESEARCH SCHOLARSHIP

Ref^a: UPFibre_BI_2

[Portuguese version](#)

A call for tenders is now open for the attribution of one Research Scholarship within the scope of the Project “UPFibre - Revelando o potencial bioativo da fibra dietética antioxidante upcycled por meio de machine learning” financed by the Fundação para a Ciência e a Tecnologia, I.P. (FCT), under the following conditions, set out below.

Scientific area: Biotechnologies.

Admission requirements:

General requirements:

1. Candidates for the scholarship may not, upon signing the scholarship contract including all possible renewals, have accumulated a total period of two years in research scholarship awarded to bachelor's or master's degree holders enrolled in non-degree courses, whether financed directly or indirectly by the FCT, regardless of whether the periods are consecutive or non-consecutive.
2. Candidates for the Research grant must hold a Master's. degree in Biological Sciences or related areas.

Specific requirements:

Candidates must also have knowledge/research experience in the following areas:

- Extraction, fractionation, and characterization of bioactive compounds and/or ingredients of natural origin;
- Application of antioxidant activity assessment techniques, namely ABTS and ORAC;
- Spectroscopic and chromatographic analyses (HPLC, FTIR).

Preferred Factors:

Will be considered preferred factors:

- Experience in research projects related to bioactive compounds;
- Experience with in vitro models simulating gastrointestinal digestion (INFOGEST) and bioaccessibility assessment;
- Knowledge of tools for the analysis, processing, and interpretation of experimental data;
- Experience in preparing reports, scientific communications, posters, articles, or other scientific dissemination activities;
- Good proficiency in English, both spoken and written.

Candidates for the Research scholarship must also be enrolled or commit to enrolling in a course that does not lead to an academic degree that promotes the consolidation of their scientific training¹.

Work Plan:

The activities to be carried out by the fellowship holder fall within the scope of the UPFibre project, which aims to develop antioxidant dietary fiber (ADF) ingredients from food by-products, with potential benefits for gut health. The tasks include the extraction and characterization of ADF, as well as the assessment of its fermentability and bioactivity through in vitro models of gastrointestinal digestion and colonic fermentation. The fellowship holder is expected to support the experimental work, collaborate in the optimization of methodologies and assays, and contribute to project dissemination and the preparation of scientific communications.

Applicable legislation and regulations:

- Statute of the Scientific Research Fellow: <https://dre.pt/web/guest/legislacao-consolidada/-/lc/58216179/view?w=2019-08-28>;
- Regulation of Research Scholarships of the Science and Technology Foundation, I.P.: <https://dre.pt/application/conteudo/127238533>;
- Regulation of Research Scholarships of the Portuguese Catholic University: http://www.porto.ucp.pt/sites/default/files/files/DRH/RegBolsasInvestigacao_Cientifica_UCP_2020.pdf

¹ Candidates are given the possibility, at the application stage, to submit only a declaration of commitment to enroll in a course that does not confer an academic degree under the terms mentioned above. If the candidate is selected, the delivery failure of the effective enrollment document for the course, within *ten working days*, following the date of communication of the selection, will be considered as withdrawal of the candidate for the scholarship investigation for which you were selected
